## Discussion questions

1. Where do you already have a public digital presence?
2. What makes Christian witness online difficult for you right now?
3. How can we be clear without being combative?
4. What would “speech seasoned with salt” look like in comment sections?
5. How might your posts today serve people 5 years from now?

## Weekly challenge

- Publish one clear faith-centered post.
- Leave two thoughtful, gracious replies in public discussions.
- Share one Scripture with a short plain-language explanation.
- If you make music (including via suno.com), publish lyrics + meaning notes publicly.

## Leader notes

Keep tone hopeful, not fearful. Emphasize mission, discipleship, and faithful presence in public spaces.
